On a north-facing corner block this home is packed full of extras and is as neat as they come!

The outdoor areas are impressive: double-gate access on two sides of the property and an 18-metre-long paved area for secure parking of all your larger toys. The 4 x 9 metre covered patio provides plenty of outdoor living space with direct access via sliding glass doors from the living room. The lock up garage also features high ceilings to accommodate two 4x4 cars.

Four bedrooms PLUS study PLUS theatre means this home holds plenty of spaces for your family to spread out. Extra height ceilings in the kitchen and living room add to the sense of space and the northerly aspect of this area of the house ensures loads of natural light - winter sun during the cooler months and shade from the patio in summer. Split-system air-conditioning in the living room will also provide comfort all year round.

The central kitchen looks out over the living room and outdoor spaces and features modern black tap ware, large stone benchtops, built in electric oven, gas cooktop, full size range hood, dishwasher, and large fridge recess.

The main bedroom enjoys a modern and spacious ensuite bathroom and walk-in robe. Three minor bedrooms are large enough to accommodate at least a queen size bed and all come with built in wardrobes. The second bathroom is fresh and modern, with a separate toilet to keep everyone happy.

Timber-look floorboards throughout the living rooms and bedrooms provides comfort underfoot while remaining durable and easy to keep clean. Quality tiling is found in the wet areas, including the laundry with built in cupboards and plenty of bench-space. The ample storage continues by way of walk-in kitchen pantry and walk-in linen cupboard.
