House 3  1 

Renovators Delight

Imagine taking this post WW2 cottage with original hardwood floors and jazzing it up just like they do on "The Block". What you would have is a great investment property that you could rent out and receive a regular income. You may also like to flip it and make a handsome profit. But then again you might just want to live in it yourself. The house is on a corner block with great access.

Open for Inspection
