Make yourself at home on the Riverfront

The vendors have accepted an offer for this property.

If you have your heart set on a riverfront lifestyle, you'll definitely want to see this one, because once you've seen the magnificent wide water frontage and uninterrupted views over cow paddocks to the mountain ranges, coupled with the impressive concrete, wharf style infrastructure in place, many others will pale in comparison.

Enjoy boat ramp access for your ski boat with a 4wd winch, a licenced pontoon for your boating friends to moor against and all the benefits of your own concrete wharf frontage to the river.

Whether your hobby is skiing, fishing, boating, rowing or the simple enjoyment of the serenity of misty early mornings or stunning afternoon sunsets that cast their glow across the water, we know you'll be hooked ... line and sinker.

Set back from the roadside frontage, adjacent to a park reserve with easy reversing access for your caravan and boat, the property has convenient remote gate access to a large grass lawn area, ensuring the little ones in the family will be safe behind a tall, secure fence.

This appealing home will undoubtedly encourage regular visits from friends and family, eager to come and enjoy your company, or maybe you're looking for the perfect weekender for everyone.

Freshly painted, this comfortable home incorporates 2 levels of amenity with 3 bedrooms (all with robes), 2 bathrooms (ensuite to master) and 2 living areas on the upper level. A light-filled dining and family room that is completely enclosed by glass allows for full enjoyment of the views at any time of the day. The lockup garage with internal access also lends itself to be the media room (fully insulated) for movies and general entertainment for the kids. Downstairs there is a studio bedroom with covered patio sitting area, a bathroom, separate toilet, an additional bedroom, workshop and a good deal of storage.
