House  

## Sensational Family Home for all Seasons on Massive Allotment

Be delighted by this awesome 4-bedroom, 2-bathroom solid brick home, with sparkling inground pool. Set on an established, leafy 2538 square metre allotment and in a peaceful cul-de-sac, this home is wonderfully private yet minutes to Highfields State School, Coles supermarket and highly regarded cafes and boutique shops.

**Open for Inspection**

By Appointment.

The totally refurbished, single level residence is not only tasteful but practical. A timber burning firebox featuring stunning black and white tiles, is the focal point of the air-conditioned lounge, living, dining and delightful chefs' kitchen. With the aid of strategically placed skylights and fashionable plantation shutters, this open-plan area is light, bright and welcoming. The monochromatic colour scheme is continued in the kitchen, where popular subway tiles and stylish black appliances work together beautifully to create a modern country aesthetic. There is plenty of bench and cupboard space, a large breakfast bar and a view to the perfectly positioned north-east alfresco entertaining area. Separated by a modern barn door, a sizeable rumpus room adjoins the living/dining room. The same timber look flooring is continued throughout the living areas and super cute laundry. Subway tiles again provide a fresh, modern look. Continuity of style is also achieved in both gorgeous, gleaming bathrooms. The three built-in and carpeted bedrooms share the main bathroom (there's a bath), separate toilet and powder room. The master bedroom has an equally beautiful ensuite and walk-in robe. All bedrooms have ceiling fans, a soft colour palette and white plantation shutters.

Outside, the mature trees, lush lawn and fabulous plantings create a private oasis  $\frac{1}{2}$  all watered from a fully reticulated bore. The shimmering in-ground pool beckons in summer and the spot to be in the cooler months is sitting around the delightful fire pit, on the sandstone slabs. There are also solar panels, a double carport attached to a multi-vehicle shed and the fully fenced back yard is dog proof.

Move straight in and enjoy this outstanding family home all year round.

Key features include:

- Fully renovated throughout
- Solar panels
- Pool
- Bore
- Large shed with 6 car spaces in total available
