Views & DA Approved

They say land is king. That is especially true for the Tomaree peninsula area.

Located in a quiet and leafy locale, this elevated and moderately sloping block of land has a great combination of attributes making it a rare find. Combining a lovely treescape with filtered water views, a quiet neighbourhood and only minutes to everything that makes the Port Stephens area great.

You might feel quite secluded, but it is only a few moments away from schools, shops, doctors, parks and multiple beaches.

Most of the hard work has been done for you with a beautiful home design already DA approved ready for you to start speaking with builders.
