

211 Cane St, Redland Bay, QLD 4165

Sold - \$625,000

House 4 2 1

Privacy, Position and Practicality in Paradise

It's BIG, it's IMMACULATE and it's ready for a new family.

There aren't many homes that have it all! This one does. Located in the beautiful Redlands this immaculate property is now on the market. Situated in a well-established precinct in a quiet street among other quality properties this stunning home is looking for a new owner. Having undergone a complete clean and tidy there is nothing to spend, just move in and enjoy. This home will be sold and is ready and waiting for its new owners.

As soon as you walk in the clever design relaxes you with its attention to detail and a practical flowing layout that offers privacy with a flair for family living. The heart of this home is of course the kitchen. Your modern kitchen is equipped with a gas cooktop and stone benches. Designed to be the hub of daily life the kitchen overlooks the family room and the dining area which in turn opens out on to a covered outdoor entertainment area. Once again thoughtful design keeps the central hub out of view of the front entry so that your privacy is assured. Situated at the front of the house is a generously sized formal lounge room which overlooks the front yard and gardens. The fourth bedroom is also at this end of the house and could be used as a study or even a teenager's retreat. The other three bedrooms are contained at the rear of the house along with a huge master suite with walk-in robe and en-suite. To add that extra touch of luxury the master also has its own undercover patio area. Another two bedrooms as well as the main bathroom and separate laundry are all located in this part of the house. All bedrooms are carpeted with the informal living areas finished in ceramic floor tiles.

For those who enjoy the practical things about their house this home comes equipped with a garage that can be opened at the rear to allow for additional space for covered parking or just machine access to the rear. Additionally, a storeroom incorporated into the house and accessible via an exterior roller-door offers you secure storage for all your garden tools or alternatively you may like to make it into a workshop. The back yard is also home to a large garden shed as well as a big rainwater tank. Back or front there's plenty of room for the kids to play outside!

Low set for low maintenance on a low-mow 506 M2 block means more time for you to enjoy all the Redlands have to offer. Walk to the water, have lunch at the hotel or visit one of the local restaurants, your choices are endless. Doctors, bakeries, restaurants, physiotherapist: you name it and you probably will find them here. If public transport is your chosen method of travel, you have a great bus network to get you where you want to be. For added convenience a new Woolies' is currently under construction, just a short walk away. To top it all off there are schools close by giving you the perfect opportunity for a low stress lifestyle that Redland Bay is famous for!
