House 5  2  2 

**Secure The Dream Home & Move In Later!**

Owners words "We are sorry to sell this amazing home, we built this as our forever home"

This 5 bedroom plus study, 3 storey home is unlike most others you will find - you will be wowed not only by the size and generosity of the space but for the jaw dropping and breath taking views of the Gold Coast Skyline from your balcony.

Imagine sipping your favourite cup of coffee or that special bottle of red whilst peacefully taking in the views of paradise, I don't think the word 'lifestyle' gets much better than that!

As you enter the unique home you walk into the entry level of the residence which includes the double remote garage with great workspace/storage. The Master en-suite, sits cosy in the front of the home, perfect for mum and dad to enjoy their own downtime away from the rest of the house.

As you walk up the stairs the top floor the space includes the huge central family/ dining area, study, 5th bedroom and a very spacious kitchen with gas cooktop. With glass windows and sliding doors running seamlessly on the top floor, you are simply in heaven with the outdoor balcony looking over the Gold Coast Skyline.

As you make your way down stairs the ground floor is privately concealed with a further more 3 bedrooms and a second open plan living area which leads out onto the second outdoor and under covered entertaining area.

The garden is a perfect size for the kids to play and low maintenance for dad, which is a winner for the whole family.

Complete with neighbour privacy, huge side access, garden shed and 5000L Water tank.

When you purchase 5 Annabelle Crescent, the home comes with:

- \* Amazing Views of the Gold Coast Skyline
- \* 5 Bedrooms + Study
- \* 3 Floors, 2 Living Areas
