

6 Cecily St, Atherton, QLD 4883

Sold - 6/12/2021

House 5  2 

Renovated Queenslander In Great Location

Welcome home! All the classic Queenslander trademarks have been wonderfully intertwined with modern renovations to incorporate the best of family life. Hardwood floors underfoot, slow combustion fireplace and timber kitchen cabinets are all inviting and give a warm, homely feel. The upstairs deck is a great place to enjoy the views while maintaining privacy and the weather blinds mean you can enjoy the space year-round.

Open for Inspection

By Appointment.

The home has living areas both up and downstairs - ideal for separating the adults from the children or maybe to have one formal lounge and an area to relax and unwind. Outside there are further areas for social opportunity, an undercover entertaining area and a separate patio. The extra high carport is perfect for caravan or boat storage and the shed offers ideal storage for toys or could double up as a workshop - it can all open into one area so you can maximise the space. If all that is not enough there is still space for a well sized lawn which could become anything you want it to be.

This property has it all and is within walking distance to the main street of Atherton. Don't miss out on this rare opportunity, call exclusive agent Alex Payne today on 0409 328 153.
