LUXURY ON THE ESPLANADE

Indulging in spectacular harbour views and a blue-chip location along Darwin's renowned Esplanade, this magnificent 13th level apartment offers a privileged lifestyle in one of Darwin's premier waterfront developments.

Open for Inspection

By Appointment.

The location in the heart of Darwin's Central Business district offers a lifestyle of class and distinction in a vibrant tropical city with an array of leisure activities and fine dining venues merely moments away.

Boasting breathtaking sea-views and a total of 237 square metres under title, this stunning property is most impressive with two generously proportioned living areas, both indulging in views and ensuring that there are ample living spaces to retreat to.

High-end finishes are to be expected with a residence of this calibre with glamorous polished tiles to the main living and dining area and fully retractable doors opening out the balcony boasting an uninterrupted sea vista and refreshing sea breezes.

The showpiece kitchen features stone benches with a commercial-sized gas-cook top, pull out pantry and built-in Miele wall oven and microwave as well as a Vintec wine fridge. The large island bench is the perfect spot to sit and have a pre-dinner drink while chatting to the resident chef.

Cassette air-conditioning is featured in both living areas and all three bedrooms have split system air-conditioning.

The master bedroom is privately tucked away off the hallway and is also away from the other two bedrooms. It is extra spacious and an intimate space to retreat to. It includes an elegant ensuite and banks of built-in wardrobes.

The complex itself has been designed for executive living with two large inground pools - one for leisure with sunbeds and a children's shallow area, and the other one is a full lap pool. There are also tennis and basketball courts and a fully equipped gymnasium, barbeque area and a media/conference room for residents to enjoy.

And with the city and fine dining venues literally at your door, there is so much to do. Take a leisurely stroll or jog along the seaside walking paths, or nearby Deckchair Cinema and Darwin Waterfront.

This is undoubtedly a wonderful opportunity to invest or live in an unrivalled complex offering a lifestyle of understated elegance and prestige.
