MASSIVE HOME FOR THE GROWING FAMILY

With many modern housing estates dictating ever shrinking blocks, this home gives you what you really need – a big home on a generous block that allows plenty of space and comfort for any large or growing family. Kept in beautiful condition throughout its life by just one caring family, the home looks great from the street with its timeless brick façade, while inside the simply flawless presentation adds great appeal. Living areas are plentiful with a formal lounge room, a tiled family/meals area incorporating the pristine kitchen and there's also another living area upstairs that the kids will love. Accommodation is great too with 4 robed bedrooms upstairs including the vast master suite with walk in wardrobe and a spa ensuite that complements the family bathroom and the additional powder room downstairs. Ducted heating and evaporative cooling add additional comfort and there's also a study, a lovely backyard, broad covered entertaining patio and a double garage with remote door, internal access and roll through access to a rear parking area that is ideal for trade and recreational vehicles. In a very quiet pocket of Clarinda, the home is within minutes of buses and Clarinda Shopping Centre while schools and central Clayton are also just minutes away.
