House 5 5 2 1 1

A 5 BEDROOM HOME IN THE SAME HANDS FOR 40 YEARS!

It's always a pleasure to see a home that has been in the same family for a long period and just how well they have looked after it during their extended tenure. This home is a stunning example with nothing but love and care shown to it over the last 40 years where a family has been raised and now they are ready to pass the baton to a new generation to start their own journey. Ideally suited to both occupiers and investors, the home is perfectly presented and largely original meaning there is nothing to hide and its impressive condition is on full display. You could easily update and modernise it to add both style and value, but it is also immediately comfortable as it stands. Features include a generous lounge and dining room and a family area with polished floors that meets the pristine central kitchen. Accommodation is a real bonus here with no less than 5 robed bedrooms including the master with a walk-in wardrobe and an ensuite that complements the family bathroom and separate second toilet. Ducted heating and 2 air conditioners provide comfort throughout the seasons and there's also a solar array to keep those electricity bills down. Outside you find a single garage and a private backyard with a covered patio for relaxing or entertaining. A great location seals the deal with multiple schools, buses, Parkmore Shopping Centre and both Springvale and Noble Park shopping districts available within minutes.
