House 3  2 

ELEVATED HOME AMONGST THE TREES

Are you after a bit of seclusion surrounded by trees and the natural elements? All this and more can be found at the top of Alfred St in Grandchester. A solidly built home that may need a bit of an update, however the location is superb, and it wouldn't be difficult to picture a life here.

Open for Inspection

By Appointment.

The kitchen is original and could do with a renovation but is perfectly workable. You even have the combustion oven to cook with and keep you warm during the winter months.

There is a separate dining area, and the lounge has a wood fire and lovely French doors leading you out to the covered patio.

The three bedrooms are bigger than most homes and there is a utility room out the back that could even be turned into another bedroom or play area for the kids.

With 2 bathrooms in the house, you won't have the normal fights for them in the morning.

Outside there is a flat area for the kids to play and wouldn't be hard to make it dog proof. There is a small dam on the property that may need restoring.

Built out of cement filled besa blocks this home is here to stay folks and with a bit of elbow grease, you could make this property into the house of your dreams.

Grandchester is 15 mins from Laidley and Rosewood townships with their own schools, shops, doctors and much more.
