On the beach, footsteps to Avalon Village...a million miles away from everyday...

On the first floor of a small block of flats, on the headland overlooking Avalon Beach and the Big Blue Pacific Ocean, this gorgeous apartment has been thoughtfully fit out specifically to accommodate our guests. With timber flooring and v-grooved ceilings it is the perfect beach-side getaway.

The oh-so-comfortable living room, dining area, with a full galley kitchen, opens to a sunny North-facing juliet balcony. The quiet queen bedroom is ideal for an afternoon snooze or a deep sleep in the luxurious linen provided. Also, a good sized bathroom with shower and bath to relax in.

All told, perfect for anyone looking for a beach break or a quiet retreat, or a base to go exploring across the Peninsula.

Avalon Village is literally across the road, with a wide range of fabulous Cafes, restaurants and shops. And there are more beaches nearby than you can imagine...Bilgola, Avalon, Whale and Palm for surf, or for a gentler swim in the iconic ocean pools at each, and Clareville and Pittwater for calmer waters.

There is a wide range of fabulous restaurants for all tastes and budgets, and spectacular walks if you need to stretch your legs.
