

6 Raymond St, Telarah, NSW 2320

Sold - 16/05/2022

House 3 1 1 1

Under Offer and Acceptance

The view from the kerb shows a renovated period home which is attractive plus inviting & upon entering that theme continues & more with it feeling like a new home.

A striking feature is the first of many features, with an excellent wide frontage providing easy access to the garage & backyard while allowing plenty of potential for future development of the site for a larger shed or pool with an open backyard.

Once inside the large open living space instantly makes you feel at home, boasting high ceilings & air conditioned perfect for relaxing on those warm summers days.

The 3 bedrooms are generous in size, while the master offers walk in robe & split system air conditioner; 2nd bedroom offers a reasonable built in robe.

The gorgeous kitchen with caesarstone bench top along with island servery, the quirky splash back adds a great feel & comes complete with quality stainless steel appliances.

Stunning main bathroom is potentially the hero of the home, a freestanding clawfoot bath is the focal point yet with great attention to detail. Separate shower with frameless glass screen.

The rear provides a private outdoor undercover entertaining space allowing another space to enjoy while overlooking the fully fenced backyard with loads of room for BBQ or Pizza oven.

The home has been fully re-piered, re-wired & re-plumbed within the last 2 years ensuring no hidden nasty extras after moving in.
