

15 Bellevue Rd, Wy Yung, VIC 3875

Sold - 31/05/2022

House 3  2  1 

AS THE NAME SUGGESTS - BEAUTIFUL VIEWS

A home with these unique views, so close to town and no close neighbours is a rarity. This comfortable farm house was split from the rest of the property long ago resulting in all the benefits of acreage living without the responsibility. The sweeping views to Eagle Point Bluff back up to the Mitchell River flats will never be interrupted yet you are only 5 minutes drive to town.

The sustainable garden with grey and bore water available will never dry out in drought whilst multiple water tanks for storage provide fresh water for the home. Inside, a cozy open plan kitchen/dining and living area can be heated by the wood fire or cooled with the split system. A standard family size home of 3 bedrooms and 2 bathrooms are complemented with a conservatory and sunroom to take in the views down the valley. All bedrooms have high ceilings and built in robes. Just add solar power and you can be completely off grid without yet be close to civilisation.

Open for Inspection

By Appointment.
