Residential Land

Water Views!

These 2 allotments are a bit different as they contain a clear water dam which could have a unique designed home built to incorporate the dam or the dam could be just filled in. The property is situated on a corner with bitumen road frontage just on the edge of town. One allotment is 1,837sqm & the other is 1,171sqm. So if you are looking for something a little different with a nice rural outlook this could be the property for you!
