A Perfect Home

The perfect place to call home.

Park Ridge is situated right in the middle of one of South East Queensland's fastest-growing regions, Park Ridge, Logan City.

This purposely planned estate was designed around a central park to keep the open country feel that is the true essence of Park Ridge. With nearly half of its' total area designated for green space and landscaped parkland, it will create a communal area for the community to come together, A space where children can kick a footy and not worry about it going over the fence, ride bikes or just get out of the house to go for a stroll.

Park Ridge is located just 30 kilometers away from the Brisbane CBD. This is a strategically positioned suburb that features urban communities offering diverse housing options, as well as a full range of community facilities, to ensure the area is well serviced with essential infrastructure so the community functions effectively as it grows.
