Some of the features of the home include three good size bedrooms with lovely high ceilings and built-in robes to all. A large inviting family lounge room with a great amount of space offering the comfort of large reverse cycle air conditioner as well as ducted heating. This space then leads into the updated kitchen with good storage and a separate dining space. A bright freshly updated bathroom with shower over bath completes the package.

Outside the property has a few extras including the shed that has been converted in a home salon. Perfect for those who work from home and require a separate space from the house.

The backyard is perfect for entertaining with three separate zones. A great undercover barbeque area with space for a dining table. This space steps down onto a paved fire pit area. Then to complete the setup, is a great sized undercover deck with bistro blinds allowing this space to be used all year round as another living area.

With so many extras and updates to offer this home will not last long. Call now to arrange a private inspection of this lovely home.
