

2180 Ophir Rd, Ophir, NSW 2800

Sold - 14/03/2023

Other

GOLD MINING & QUARRY OPPORTUNITY

Currently not in operation due to the passing of the owner this was primarily an underground operation in pursuit of alluvial gold in an old river channel

This mine is also a producer of white water washed gravel and sand

The Vendors advise that these current works have been taking place underneath a layer of basalt rock several metres thick which may also have some value

Additional supplies of product are available for purchase from an adjacent site

Open for Inspection

By Appointment.
