Iluka Bay Beauty

The old saying in real estate that trumps all is location, location, location. Well, you will be hard pushed to find a better one than here at 10 Queen Lane. Overlooking the wonderful Iluka Bay and a short walk to all Iluka has to offer this home promises lots and delivers more. The vendor has decided to move interstate and is very motivated to sell. This presents a fantastic opportunity for buyers to take advantage of the hard work put into this property and enjoy the high quality home that now presides.

From the magnificent vistas out to the bay and the master suite that leads out to the bayside deck. To the well thought out floorplan and modern finishes, there is something for everyone. This home is perfect for a family but also lends itself extremely well to the investors out there, particularly holiday letting. Set over one level, the four bedroom main home has multiple bathrooms, great living spaces and a modern kitchen with water views. The deck on the bayside is perhaps where you will spend most of your time, relaxing, entertaining or just taking in the beauty around you.

There is also the huge benefit of having a fully self contained one bedroom apartment on the property. Tenanted until very recently this provides not only another rental stream but a perfect granny flat, teenagers retreat or guest house.
