Macksville Heights Estate offers the very best of both worlds - affordable, generous sized blocks, many with elevated mountain views, all set in the beautiful rolling landscape of the mid north coast of New South Wales.

Here at Macksville Heights Estate building the home you really want is much more affordable than in either the major cities or even some regional centres. You can have a lifestyle that is the envy of those trapped in the fast lane of congested city living - a place where you can put your roots down with confidence and raise a family.

A brand new school, St Patricks Primary, has opened on the Estate so your kids can walk to school, saving you long daily journeys dropping off, picking up and fighting your way through city traffic. Local shops are also planned in future stages.
