

15. Romano Way, Korumburra, VIC 3950

Sold - \$670,000

House 4 2 2

Modern home with open plan living and outdoor entertaining

Looking for modern and stylish living? This three-bedroom Korumburra property has both of these and more. Just eight years old, this home has been very well looked after and offers so much for its new owners.

Open for Inspection

By Appointment.

The cool style starts even before you walk in, as the contemporary exterior offers just a glimpse of the modernity you can expect inside. Park up in your driveway or garage, admire the well-maintained front lawn, and head on in. Inside, you'll discover two living areas, most of which is open plan. Glorious wood-panelled flooring flows underneath the spaces here, from the kitchen, complete with dual sink, dual fridge, and large island; to the living room with wood-burning stove and windows on multiple sides. Elsewhere, you'll find another living area – currently carpeted, this is great for play or relaxing, the choice is yours!

You'll have three bedrooms to enjoy here, along with a study which can also easily be turned into an additional bedroom. The primary bedroom has its own ensuite for added convenience; and all other bedrooms have access to the main tiled bathroom. A further great feature of this property is the split system air conditioning, so you'll never have to worry about getting too hot in summer.

Drift through sliding doors out to your covered entertaining area. Here, beautiful dark decking perfectly complements the greenery which surrounds you. This is a wonderful place to entertain, dine alfresco and barbeque; or simply kick back and relax.
