The enormous north facing master bedroom which is located at the front of the home has panoramic hills views, built-in robes and spacious ensuite.

Centrally located is the large formal living area with easy access to the downstairs double garage with auto panel lift door and multiple storerooms which could easily be converted into an office or wine storage.

Bedrooms 2 and 3 both have built-in robes and auto roller shutters and are serviced by the family bathroom. Both bathrooms are luxurious with feature walls, quality fittings and floor to ceiling tiling.

To the rear of the home is the designer kitchen with island bench, 6 burner stove top, Smeg appliances, soft closing cabinetry and an abundance of overhead cupboards.

The large light filled family room flows through to the outdoor entertaining area with built-in bbq and low maintenance rear garden.

A truly impressive home in a popular family suburb.
