As one of only eight villas in the boutique complex, Seven Templemoon is your home away from home; equipped with all you need for a comfortable, relaxed, self-contained holiday in the tropics.

The open plan design of the lower level is where you can relax, dine, lounge and entertain.

Cooking is a breeze care of the modern well equipped kitchen that features a hotplate, oven, dishwasher, fridge, microwave, stone benchtop with breakfast bar overhang and ample storage/cupboard space.

The spacious dining and lounge area opens directly out onto the courtyard via stackable/concertina doors that provide a seamless integration between indoor and outdoor living. Dine inside in air conditioned comfort or head pool side under the covered patio for an authentic tropical experience.

A convenient powder and laundry room completes the offering downstairs.

The feature timber staircase leads to the upper level that is the domain of the three bedrooms and two bathrooms (ensuite to the master). All three bedrooms are spacious and feature timber flooring, air conditioning, ceiling fans and built-in/walk-in storage. Two of the bedrooms also open onto the balcony that overlooks the pool.

Fully featured, Seven Templemoon offers:

- 3 bedrooms
- Master ensuite plus second large bathroom with spa bath and shower
- Additional powder room
- Air conditioning, ceiling fans and louvered windows throughout
