

134 Westall Rd, Springvale, VIC 3171

Sold - 15/04/2023

House 3  1 

A PROMINENT POSITION & PLENTY OF POTENTIAL

Largely original and set on around 536sqm, this home gives its new owner many options including renovating the existing home with room behind to build another, or you could choose to level the block and start over with space to build a dream family home or multiple townhouses (all options are STCA). As it stands, the home is neat and comfortable with features including a lounge room with gas heater, a kitchen with an adjoining dining area, 3 bedrooms including 2 with built-in wardrobes and an updated family bathroom with separate toilet. Outside you find a full width covered patio, a big backyard and plenty of off-street parking. And with Westall train station, primary and secondary schools within walking distance, a handy location only enhances its appeal.

Open for Inspection

By Appointment.
