Walking distance to town centre

Located in a quite cul-de-sac is this low maintenance unit.

The unit features two large bedrooms with the main bedroom having a built in wardrobe. The bathroom offers both a bath and shower with the toilet separate for your convenience.

The combined lounge and dining area opens up onto the undercover verandah where you can enjoy the afternoon sunshine. The room can be kept comfortably warm or cool all year round with a reverse cycle air conditioner.

There is also a one car garage that is secure and lockable for your car and storage needs. Outside there is a low maintenance garden and lawn. If these features were not enough the property is only a short work into the town centre.
