While the location is second to none, being just a stone's throw away from Iluka Bay, Sedgers Reef Hotel and the enchanting UNESCO World Heritage rainforest. The property has lots more on offer with rear lane access from Queen Lane to the sizeable land offering which has R3 Medium density zoning. This allows further construction of a second dwelling, large shedding or specific vehicle storage at the rear.

The property also features three bedrooms, two bathrooms, and a two-car garage. The large lounge room with a high-pitched raked ceiling creates an inviting atmosphere, while the spacious kitchen, featuring the same ceiling style, is a perfect hub for culinary creativity. Versatility shines with a multi-purpose room at the rear, featuring slight water views, which is ideal for a fourth bedroom or a second lounge/games room. Some more modern touches are the connection of NBN internet to the property and the 24/7 camera security system installed.

Although improvement is required, envision the potential to transform this home into a personalized haven. Imagine sipping your morning coffee on a second-story balcony, capitalizing on the slight water views and enhancing them into a breathtaking panorama. This residence is not just a home; it's an investment in coastal living. Whether you're an owner-occupier looking to create your dream home or an investor seeking a R3 zoned property with substantial potential, 74 Charles Street is the canvas awaiting your personal touch.
