LAND FOR SALE

The last allotment in this area is now for sale and has a large land holding of 4.654 hectares with the previous owner utilising it as part of a private air strip. The allotment includes a large shed that is 10 square metres with a cement floor, personal access door and four large sliding doors and was used as a hangar so plenty of room for the tractor and other vehicles A large poly tank of 13,000 litres is attached to the shed as well. Certainly a great place to build and run a hobby farm and enjoy the sensational views this area has to offer.
